

**AGES 6 to ADULT**  
**1 or more players**

The word "Jenga" is written in a large, white, 3D block font with a dark grey shadow underneath. A registered trademark symbol (®) is located at the top right of the letter 'a'.

**BOB'S BURGERS**

**Contents:**

- 54 Bob's Burgers hardwood Jenga® blocks
- 6 Burger Boss pieces and 1 Jimmy Pesto piece
  - Custom Bob's Burgers Jenga® spinner
    - Loading tray to assemble tower
- Traditional Jenga® and custom Bob's Burgers rules

## **TRADITIONAL GAME PLAY RULES:**

Object:

Remove one block at a time from the tower, then stack it on top. The last player to stack a block without making the tower fall wins the game!

Setup:

Choose a solid surface and carefully stand the loading tray upright, then remove it so the tower of blocks stands by itself. The player who built the tower goes first. Play passes to the left.

On your turn:

Carefully remove a block from anywhere **BELOW** the highest completed story. Use only one hand. Then stack the block on top of the tower at right angles to the blocks just below it.

### **Removing and stacking blocks:**

- Remove and stack one block per turn. Remember to use only one hand. (You can switch hands whenever you wish.)
- As play proceeds and the weight of the tower shifts, some blocks become looser than others and easier to remove. You can touch other blocks to find a loose one—but if you move a block out of place, you must put it back in place (using one hand only) before touching another block.
- While stacking, always complete a 3-block level before starting a higher one.
- Your turn ends ten seconds after you stack your block—or as soon as the next player touches one.
- Keep removing and stacking blocks until someone makes the tower fall. A real pro can build a tower 36 stories high or more!

## **Bob's Burgers Jenga® RULES:**

Object:

Your Burger Boss must remove ingredients and move up the levels of the tower if they want to eliminate the high score held by Jimmy Pesto, just don't spill all the ingredients!

## **BOB'S BURGERS JENGA® RULES CONTINUED:**

**Please read the TRADITIONAL Jenga® RULES, then move on to read the rules below:**

- In Bob's Burgers Jenga®, blocks are called ingredients.
- Before starting the game, each player chooses a Burger Boss and places their character in one of the holes at the lowest level. Each player takes the card for their Burger Boss and places it face up in front of them, so that the one-time power is visible.

### **How the spinner works:**

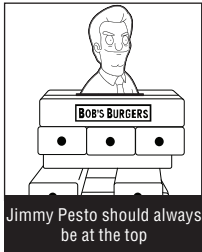

- The spinner is divided into four bun sections. Within each bun section are three burger sections. A player's spin determines both how many ingredients they must remove and stack (the bun sections indicate 1, 2, or none), as well as how many ingredients (up to 3) they climb.
- All spaces to be climbed must be done at once. If a player is moving and stacking two ingredients, they may choose to move their first ingredient, climb, then move and stack their second ingredient.
- In the event that the spinner lands on the "Reverse Play" bun section, the play then proceeds in the opposite direction.

### **Moving Jimmy Pesto:**

- When stacking ingredients on top of the tower, you must remove and replace Jimmy Pesto if you are starting a higher level of ingredients.

### **How the Burger Boss climbs the tower:**

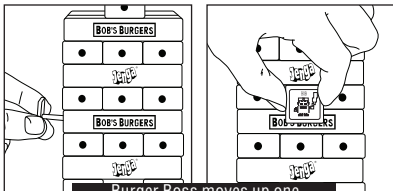

- When climbing, you move your Burger Boss to the proper ingredient level. Remove your character from its current level and count up the number of ingredients indicated by

Jimmy Pesto should always be at the top

## BOB'S BURGERS JENGA® RULES CONTINUED:

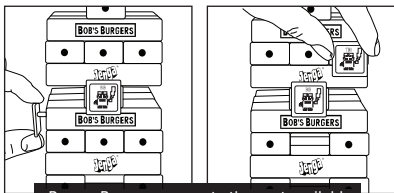

the patty icon on the spinner. Place the character in an available hole. You may need to place them to the left or right side of the tower from where they began.

Burger Boss moves up one ingredient, now on a different side of the tower

### Out of stock ingredient:

- If your Burger Boss reaches an ingredient level where all the holes have been taken, move up until you locate an available slot (on any side of the tower) to place them in.

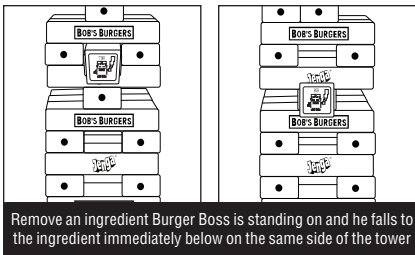

Burger Boss moves up to the next available ingredient when ingredient level is already occupied

### Sneaking off with the ingredients:

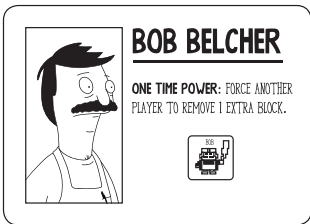

- If you remove an ingredient that an opponent is standing on, they drop to the ingredient immediately below them, on the same side of the tower.

- Opponents who fall onto an ingredient with no open holes on the same side will fall even further.
- An opponent who falls off the tower completely is eliminated from the game!

### Using your one-time power:

- Each Burger Boss has a special ability which can be used once per game. When you choose to use your power, take the action indicated then flip your character's card over. Remember: you may not use your ability more than once in a game, so choose your moment!

### To win the game:

- If a Burger Boss reaches the top of the stack of ingredients, they've beaten Jimmy Pesto's high score. They've also won Bob's Burgers Jenga®! If no player reaches the top before the ingredients fall, the player who was the highest wins. The player whose turn it was when the tower fell loses the game.
